

**BORN
OUTDOOR**

Build your Badger Bed

Step 1: Add your sleeping pad

The Badger Bed fits any 30" wide, 3-5" thick pad like the Thermarest MondoKing or the REI Camp Dreamer.

Step 2: Add your sheets

The Mojave polycotton sheets or the Cascade flannel sheets are easily removed for cleaning.

Step 3: Add your quilt

The Baja quilt with synthetic insulation or the Sierra Down quilt will keep you warm and for those cold nights use.

Step 4: ... Roll it up!

Open the air valve on the sleeping pad and roll up the Badger Bed!
