

**BEST FOR**

Fast hikes  
Trail run  
Outdoor adventures

# AVENTRAIL

**SIZES: 7-12, 13, 14 WEIGHT: 11.9 OZ DROP: 6MM  
STACK HEIGHT: 33.5MM HEEL/27.5MM TOE**

Introducing our most innovative trail running sandal. The Aventura combines the airiness of a sandal with the comfort, responsiveness and propulsion of a trail running shoe, delivering an entirely new sensation of freedom while running and adventuring outdoors. Outfitted with a W Strapping System for secure, customizable lock down, and utilizing HYPER-COMF midsole technology for cushioned underfoot comfort, this sandal is built for speed on the trail.

## FEATURES

- 1 W Strapping System provides secure lockdown, adjustability, and a personalized fit
- 2 Engineered knit upper offers breathability and forefoot stability on uneven terrain
- 3 HYPER-COMF technology combines responsiveness of Super Critical Foams and supportive EVA for ample cushioning on downhill descents
- 4 Nylon plate delivers a propulsive ride and strong uphill acceleration
- 5 Durable Spider Rubber® outsole with weight reducing cut outs
- 6 Tiered traction lugs for grip on trails

Sustainability Initiative(s): Webbing made from 100% recycled plastic using traceable, verifiable REPVEVE® polyester yarn by Unifi®
